The screenshot shows a web browser window with the URL <https://iforgot.apple.com/password/verify/appleid#!§ion=password>. The page header includes the Apple logo, navigation links for Mac, iPad, iPhone, Watch, TV, Music, and Support, and a search icon. Below the header, the text "Apple ID" is displayed on the left, and "Sign In", "Create Your Apple ID", and "FAQ" are on the right. The main heading is "Reset Password". The form area is titled "New Apple ID Password" and prompts the user to "Enter a new password for" followed by a blurred email address. There are two password input fields, each with a strength indicator icon. Below the fields, the requirements for a strong password are listed: "Your password must have:" followed by three green checkmarks: "8 or more characters", "Upper & lowercase letters", and "At least one number". A "Strength: strong" indicator is shown with a green bar. A note at the bottom reads: "Avoid passwords that are easy to guess or used with other websites." At the bottom of the form, there are two buttons: "Cancel" and "Reset Password".

Follow these instructions one by one to recover Apple ID Password
